

Stop AAPI Hate

We are deeply saddened by and condemn the rise of violence and acts of hate rooted in racism and oppression made against our Asian American and Pacific Islander community.

#StopAsianHate #StopAAPIHate

Sierra Madre Playhouse stands with the victims, families, and communities affected by the March 16 attack in Atlanta, as well as all other incidents of anti-Asian acts of hate that have occurred. These events should not be viewed in isolation, but as part of a long history of anti-Asian violence that has seen a significant increase during the COVID-19 pandemic.

Together, we must continue
the work of bringing
compassionate and inclusive
pathways for all people of color
to action. Sierra Madre
Playhouse is committed to
serving and celebrating the
artists, businesses, and families
of our local San Gabriel Valley
AAPI community and beyond.

Let us not just stop AAPI hate,
but also celebrate, uplift,
support, protect, and recognize
the individuals, organizations,
and accomplishments of all AAPI
communities.
